

Certificate of Authenticity

December 2019

This Buck Knives model #110 Folding Hunter with genuine African Ebony inserts, brass bolsters and 420HC blade was manufactured in Post Falls Idaho at the request of CJ Buck, CEO and Chairman for Buck Knives, Inc. CJ, in the summer 2019, was able to represent the State of Idaho in President Trump's 3rd Annual Made in America Product Showcase. This event selects one US company from each of the 50 states to display their products at the White House. CJ discussed this trip afterwards with his good friend Rich Neyman, the author of two books chronicling the development histories of the Buck model #188 M9Bayonet and the Buck model #184 BuckMaster.

It was during that discussion they thought what better way to celebrate President Trump and his tireless work strengthening the American Manufacturing than to use the iconic Buck #110 with Trump 2020 laser etched on the blade and autographed by CJ Buck. There were only 25 knives etched this way and were then paired up with 25 Trump 2020 hats which CJ also signed.

Please enjoy this little piece of history in tribute and recognition of a very unique time in our democracy and our country.

God Bless America

CJ Buck
CEO/Chairman
Buck Knives, Inc.

**'In my opinion BUCK Knives makes some of the BEST knives in the World"-
Commander DT Coulter "SEAL" retired "**

CJ Buck just did a "TRUMP 2020" model 110 collectible with only 25 made. It comes with a signed "TRUMP 2020" hat also. Here is the template of the COA. The COA will be printed on nice BUCK paper and signed by CJ Buck and myself . I only contacted Family and Friends last night with an overwhelming response. I have only 3 left out of 25. Please let me know if you would like one.\$210 a set shipped ! I also have a few hats left over ! I'll let you know what style \$55 each hat shipped !

Thanks. I think it's okay to PM me.
